20. ABSTRACT (Continue on reverse side if necessary and identify by block number)  This literature search and records review of the Upper Mississippi River Basin (River mile 857.6, above St. Anthony Falls, Minneapolis-St. Paul, Minnesota to Lock & Dam 10, Guttenberg, Iowa) was authorized by the St. Paul District Corps of Engineers as part of its master plan for the 9-foot navigation project. The objectives of the investigation were to: 1. conduct a comprehensive review of existing records and review published and unpublished literature; 2. provide an evaluation of recorded cultural resources; and 3.

SECURITY CLASSIFICATION OF THIS PAGE(When Data Entered)

prepare a detailed technical and popular report.

Volume 11 focuses on Pool 10, Guttenberg Iowa. A staggering 333 archaeological sites have been reported in the study are in the Pool 10 environs. This is clearly an artifact of both collector and research bias and should not be interpreted as a realistic differential density of archaeological sites relative to pools 1-9. A single historic district, the St. Feriote Archaeological and Historic District in Prairie du Chien, is listed on the National Register of Historic Plance and two additional districts in the City of Guttenberg, Iowa are currently pending.

SECURITY CLASSIFICATION OF THIS PAGE(When Data Entered)

# INTRODUCTION:

A single historic district, the St. Feriole Archaeological and Historic District in Prairie du Chien, is listed on the National Register of Historic Places. Two additional districts in the City of Guttenberg, Iowa are currently pending. These 11 properties in the Pool 10 study area are listed on the National Register of Historic Places. Figures 1 through 10 provide locations for districts and structures noted for historical and/or architectural significance in the Pool 10 environs.

A staggering 333 archaeological sites have been reported in the study area in the Pool 10 environs. This is clearly an artifact of both collector and research bias and should not be interpreted as a realistic differential density of archaeological sites relative to Pools 1-9. Figures 11 through 20 depict the locations of these 333 archaeological sites in the Pool 10 study area. It should be noted that site distributions are not based on comprehensive systematic survey and thus should not be used for predictive statements. Finally, sites categorized as ineligible, unless specifically noted, means simply that they have not been evaluated in terms of National Register criteria.

Map # 1 (713) State of Wisconsin: Cr - 0045 County Crawford (WI)

Site Name: Caya Mound Group II

Legal Description: Township & Range T9 R6 Civil Township Seneca

Section Location: SW $\frac{1}{4}$ , SW $\frac{1}{4}$ , SW $\frac{1}{4}$ , Sec 33

Present Owner: Caya, Mitchell

Address: Wisconsin

Recorded By: (name & date) Miller, 1912, Halsey, 1972

Geographic/Topographic setting: Western Upland: On the crest of the bluff just south of L+D No. 9, known locally as the Lynxville Dam.

Water Source: Mississippi River Distance from site

Elevation: 1,000; 305 Drainage System Mississippi River

Site Type: Mounds

Size: , Soil Type: Fad

Cultural Affiliation (s): Woodland

Chronology:

Bibliographic references: Brown, 1925, W.A., 4:33; Halsey, 1972, Crawford Co., Arch. & Hist. Site Survey (1971), on file S.H.S.W. (over)

Remarks:

Map # 157(77) State Identification # Cr - 0214 County (name &amp; no)

Site Name: McGregor Lake

Project Description: Township &amp; Range 17 R7 Civil Township 17 R7

Section Location: SW1, NE1, SW1, SE1, NW1, SE1, +

Section Location: NW1, NE1, SW1, SE1, NW1, SE1, Sec 35

Project Owner: U.S. Fish &amp; Wildlife Service

Project:

Recorded By: (name &amp; date) U.W. - Madison, 1980

Geographic/Topographic Setting: Western Upland: Site is located along western shore (lance) of McGregor Lake in Mississippi River Bottoms.

Water Source: McGregor Lake; Distance from site

Elevation: 610-6151 186-187 Drainage System Mississippi River

Site Type: Village/Campsite

Size: Soil Type: Aa

Cultural Affiliation (s): Late Archaic/Early Woodland

Technology:

Literature References: Ballard &amp; Thorne, 1961

The Soil Survey of Mississippi, compiled by the U.S. Soil Survey, 1961, Soil 10, Carroll Co, Miss., in the S.W.S.A.
